The True Sansha Fleet Staging Point is the 9/10 DED rated complex found in Sansha's Nation space. This site really throws a wrench into the established layout of most DED sites, having several different "escalations" which can take a runner all over one or more regions to complete.

If you are in pretty friendly space or don't mind escalations it can be a fun site. It's by far the best traveling escalation site and each stage escalates 100%.
